Owner, do you have any decent weapons for V.P. ?
Who do you think made me unable to repair Crow in time ?
Shouldn't you two be at the game center ?

That too
Eh ...
No, no
I am talking about a weapon I could take out in a battle.
That's more like a collector's item.
This was sold in a limited quantity. "Samurai blade" !
The company is no more, so if you hold on to this for 2 or 3 years, you will make a nice profit.

Where is the nearest CAP system ?
Huh ?!

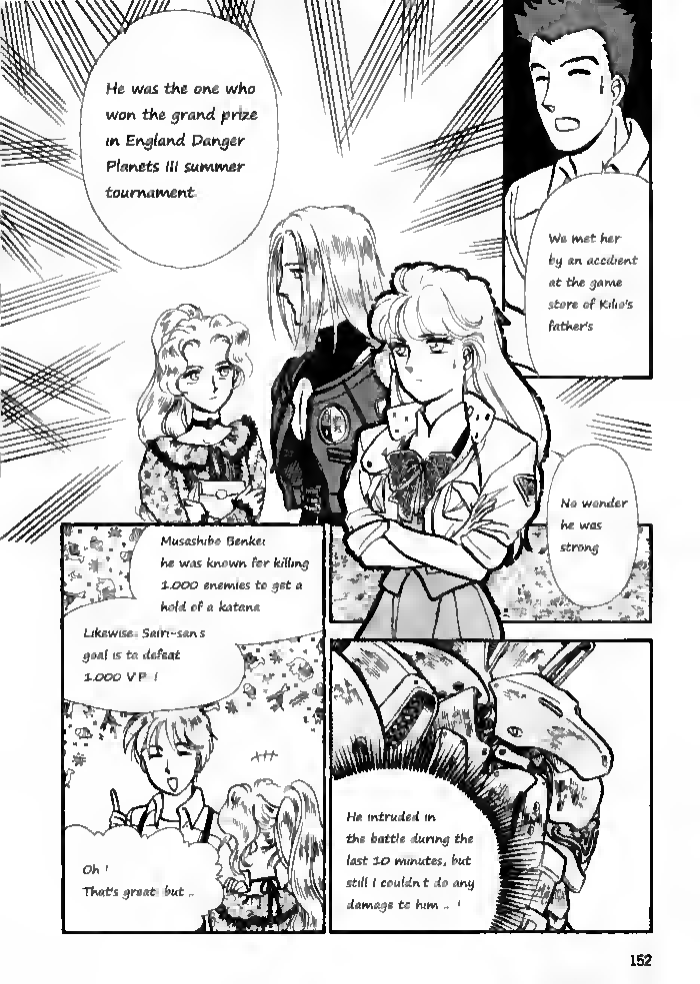
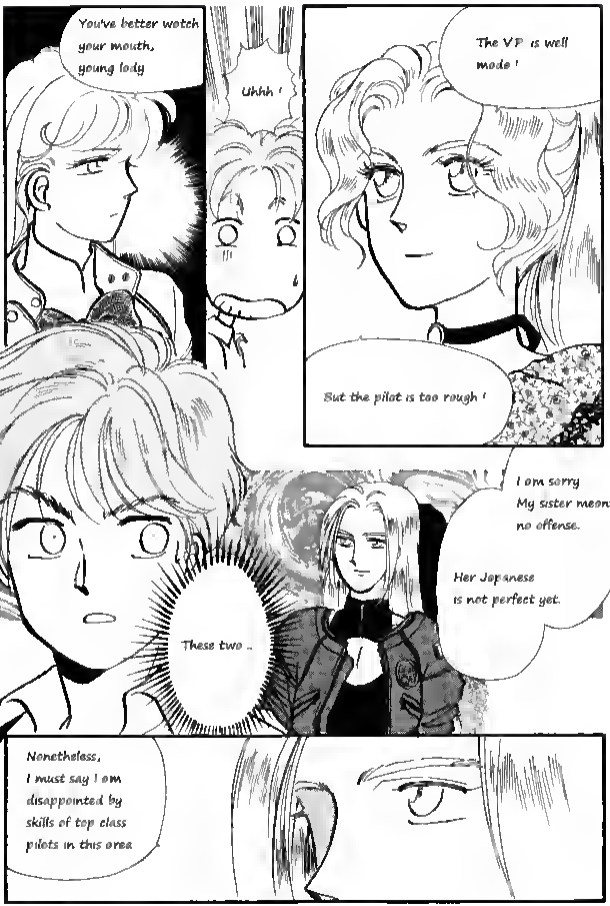
You two know each other?
"Benkei" ?
He is a historical figure in 12nd century Japan.
Oh, yes, you've learned Japanese history.



He was the one who won the grand prize in England Danger Planets III summer tournament
We met her by an accident at the game store of Kiho's father's
No wonder he was strong
Musashibo Benkei he was known for killing 1,000 enemies to get a hold of a katana
Likewise Saiin-san's goal is to defeat 1,000 VP !
Oh ! That's great but ..
He intruded in the battle during the last 10 minutes, but still I couldn't do any damage to him .. !



You've better watch your mouth, young lady
Uhhh !
The VP is well made !
But the pilot is too rough !
I am sorry My sister meant no offense.
Her Japanese is not perfect yet.
These two ..
Nonetheless, I must say I am disappointed by skills of top class pilots in this area

I think you should watch what you say !
Hey, hold on a sec !
If the one in the second is like this
I don't think I have to deal with the ace.
How come, Thomas !
Woah !

She said

Kilie-kun !
Yes.

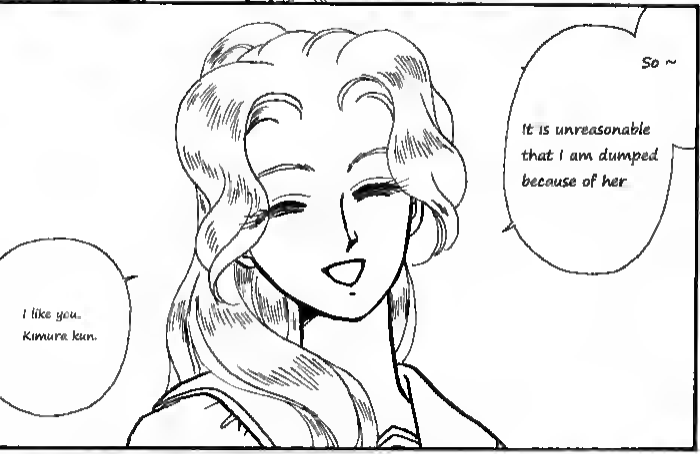
Vol.5 BATTLE CHILD
Oct. 11th 1993
秋理 3才

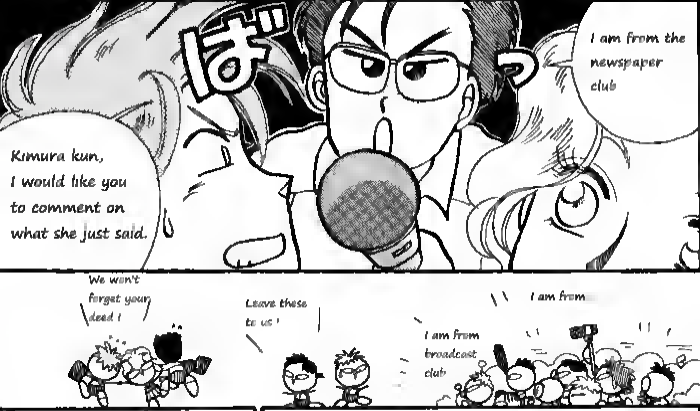
A freshman troublemaker in electrical engineering is hot with a pretty exchange student
What ? Clarabell ? What's that ?
It's related to Saim san.
They really don't have anything to do eh ?
Nice choice of words.
She became famous after she participated in "Danger Planets I" event during Spring festival.
She rede "Clarabell" at that time
"The Clarabell fanclub is raging"

You ARE a troublemaker !
They didn't have to say that I am a troublemaker ...
Criminal records :
1 Modding VP during a class
2 Sleeping during classes.
3. Eating lunch during classes.
4 More
Kimura kun must really like Takahara san.
Teacher was really pissed today
Sairi san ne~ please .. help me ~
Kimura ... should I lay a bed sheet outside ?
We will speak of this until we graduate !
I haven't been able to get good sleeps because I have to repair Crow !
"Sairi san help me ~ "

Anyway !
Well .., that's ..
But does she like you back ?
Yes.
An honest type who likes to avoid woman problems.
Geraldine, you speak Japanese really well.
I don't think she is going out with you with purpose of marriage.



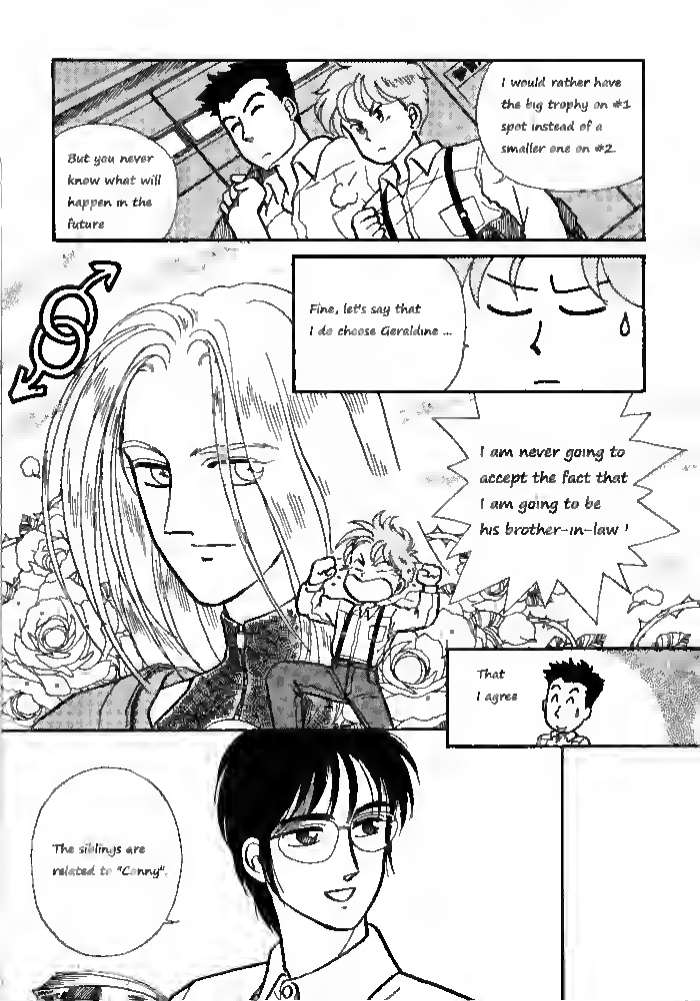
So ~
It is unreasonable that I am dumped because of her
I like you, Kimura kun.



I am from the newspaper club
Kimura kun, I would like you to comment on what she just said.
We won't forget your deed !
Leave these to us !
I am from broadcast club
I am from

Ah one and half
A car from the hotel is going to pick me up instead today
Geraldine don't say such things in this school
This place loves gossips.

Will you invite me to your club again ?
I have to attend a party with Thomas tonight.
See you on Monday !
If I were you, I'd rather pick a girl who likes me back
Daisuke, you sound so ... old.
I am not happy that guys are coming at me !
Talking about Thomas.
Kilia, you are pretty popular lately.



I would rather have the big trophy on #1 spot instead of a smaller one on #2.
But you never know what will happen in the future
Fine, let's say that I do choose Geraldine ...
I am never going to accept the fact that I am going to be his brother-in-law !
That I agree
The siblings are related to "Conny".

The Hyarms family runs a railway company which is within Top 5 companies in England.
There was an interview about them in economy section of newspaper
Yes ?!
Canny wanted to expand their domain to England and they made negotiations with the Hyarms family
The Hyarms sent someone on behalf of their president to study Japan's market, and that is Thamas
Thomas Brian Hyams
He entered university of Whales at age of 14
He is now currently taking an a doctorate degree in Electrical engineering

So, he is one of those typical wealthy family genius type.
His personalities go with that perfectly ..
I've repaired Crow little by little during classes
How do you like this so far ?
I modded some parts before I started assembly
Some of the parts aren't on market, but that should pose no issue
Wow
I think Crow's ability will be improved a little with this.
The only thing left is to choose weapons
This is awesome.

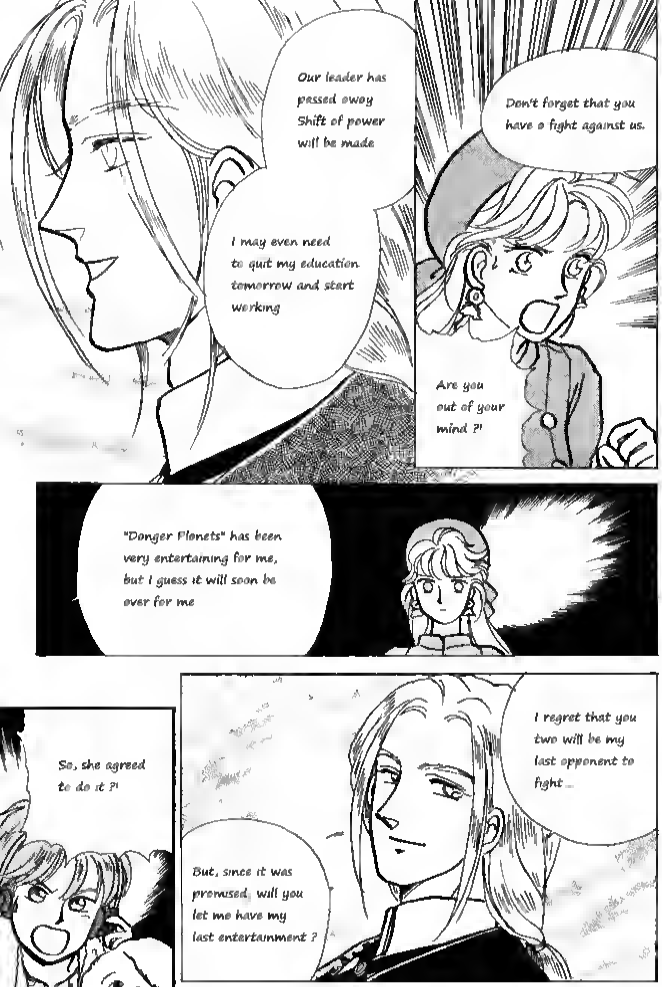
I will forever remain at school !
I heard that some companies wanted to scout you for that
He specializes in mechanical engineering
So, when it comes to parts, he's good
Call me Peter Pan
You are like a kid.
Don't complain.
Conny is hosting this party for us
Parties in this country are sooo boring
Don't be a fool.
I'd rather watch strip-show at a nightclub.
Both not adults

Mister Hyams !
Hello. it's been a long time Kabayashi san of Canny right ?
Ah ?!
Come on. Lighten up
You know I hate these kind of places !
German ?!
There was no other way My translater is on a vacation.
Sairi !
President Takahara.
How can you call yourself a president of a company, Mam ?
I can't speak advanced Japanese

Mister Hyorms !
This is the president of Edith and her daughter
Oh ...
You two know each other ?
I do know — At the moment Edith's market share is as big as Degger in V.P
.....
You have an international phone call
Excuse me, Mr Hyorms.

RRRRRR...
Yes, this is Rilio.
—— Geraldine ? What's up at this hour ?
I am sorry
Did Sarri san call you ?
What ?!
We have to leave for England tomorrow night.
Nope.
She has never called me ...
Um, you see

Weren't you going to be here for at least over a week?
Our grandfather has passed away today.
So, the old man is dead.
Our tour is over, Geraldine.
Themas...
They've gotten tickets for us for tomorrow night flight.
Before we go, miss...



Our leader has passed away Shift of power will be made
I may even need to quit my education tomorrow and start working
Don't forget that you have a fight against us.
Are you out of your mind ?!
"Danger Planets" has been very entertaining for me, but I guess it will soon be over for me
I regret that you two will be my last opponent to fight...
But, since it was promised, will you let me have my last entertainment ?
So, she agreed to do it ?!

It was you who started it.
Is that how you asked for a favor ?!
I can imagine
I bet
They started fighting verbally, and because of that it's still 2 vs 2
She agreed.
But it wasn't pretty
Forget it. I can't fight against you two with a stock VP
If it's not possible, I will prepare a VP for you
Will you make it though ? Will you be able to repair your VP by tomorrow noon ?
Now ...
It's me, Kilie !
Could I get the chef's phone number please ?!
Ah, hello ? Senpai ?
I am sorry to say this but if you do not come, Benkei will be defeated.
I will manage !
Thanks for letting me know !
